

**Synthesis:**

1. Use the facts you know about *Mesopotamia* to generate a theory about why *Mesopotamia* became a cradle of civilization.

---

---

---

---

---

---

---

---

2. Why is a synthetic fabric called *synthetic*?

---

---

---

---

---

---

---

---

**Divergence:**

1. List as many species as you can think of that are *phyllophagous*.

---

---

---

---

---

---

---

---

2. How many situations can you think of in which a human being could be described as a *neophyte*?

---

---

---

---

---

---

---

---

**Emotion:**

1. What is euphoria? When was the last time you felt euphoria?

---

---

---

---

---

---

---

---

2. What emotions do you associate with the following words: collaboration, vacation, evacuate, and ultimatum?

---

---

---

---

---

---

---

---

**Aesthetics:**

1. Would you rather make art that is monochrome, polychrome, or chromed?

---

---

---

---

---

---

---

---

2. If you could redesign the uniforms (Why do they call them uniforms?) of the White House guards, and if you wanted to make the uniforms wild and creative, what would you design?

---

---

---

---

---

---

---

---
